

October 12, 1959

Dr. Sanford S. Elberg  
Department of Bacteriology  
University of California  
Berkeley 4, California

Dear Sandy:

To yours of the 1st regarding the promotion of Dr. Edward A. Adelberg.

Ed's qualifications and usefulness to the University community are so well known that my letter of recommendation seems to me a useless formality.

Yours sincerely,

Joshua Lederberg  
Professor of Genetics
